CLASSIFICATION

TO : Chief, EE
Attn: ☐ 449
FROM : Chief of Mission, Frankfurt

DATE: 19. Mai 1954

INFO: COM

SUBJECT: GENERAL— Operational/CART

SPECIFIC— ☐ ☐ Reports on Czech Emigration Affairs

Reference: EXMA-10858, 5 May 1954

1. Forwarded as attachments are the following CAMOUFLAGE reports dealing with the Czech emigration:

Attachment	CAMOUFLAGE Log No.	Subject
A	30-4-54	Information on Voita MUSIL
B	31-4-54	Czech National Committee and Jaroslav NOVAK
C	15-4-54	Czech-Titoist Talks
D	24-3-54	PERELSKY Report on Czech Emigre Affairs
E	19-4-54	CSR Border Control Information

2. Attachment A gives information on Voita MUSIL. The source, M. SYVOBODA of the Czech Exile Press Agency under PRCHALA, is little known here, and the information here presented on MUSIL cannot be evaluated. MOB files contain no information on MUSIL. SYVOBODA claims to have worked for CIC in Vienna in 1950, but was dismissed for "loopying too much about an East-West smuggling operation in which CIC agents were involved." The story sounds highly doubtful.

3. Attachment B gives information on the reactions of various Czech, Slovak and Silesian German organizations to the U. S. reorganization of the Council of the Free GER. Also contained in this attachment is a report that the PRCHALA group, represented by SYVOBODA, is planning to conduct an investigation of the NOVAK disappearance. SYVOBODA says that NOVAK was representing himself as a member of the PRCHALA group, of which he was actually not a member. SYVOBODA's answer is recorded in paragraph 3. This seems to be an attempt at provocation to elicit information on SYVOBODA's part; a provocation for which he did not fall. SYVOBODA also claimed that he is completing a book on Czechoslovakia, which will contain certain facts which the U. S. authorities might consider security information. SYVOBODA will submit a copy of the draft of this book to us for transmittal to someone who can authorize the publication of these facts. This also is regarded by this office as a possible

provocation on SVORODA's part.

4. Attachment C is an, as yet, unconfirmed report on talks between representatives of the Yugoslav Government and Czech origins in Munich regarding possible united action against the CSR. Opinions are also offered on the disappearance of LAUSMAN and NOVAK, and on the employment of MUSIL by the "German Intelligence Service." To date, we have received no further information on the Titoist-Czech talks, and the report attacks somewhat of a political denunciation made by the CE'NY Group (Anti-Council of the Free CSR) against the PRF's followers in RFE. However, since one of the sources, VOJTEZKA, is also employed by the RFE, and since he knows that he was reporting this matter to an American (Army) installation with the facilities to check such a report, there may be some elements of truth in this report.
5. Attachment D is a report by PERELSKY on minor happenings within the Czech emigration. Paragraph 4 reports the possible contacts between the Czech groups of PERELSKY and CHUDORA.
6. Attachment E is a completely unconfirmed and unevaluated report on CSR border control methods, indicating changes which have occurred since January 1954. The report comes from a Bavarian State police chief stationed near the Bavarian-Czech border.
